BE VISIBLE

DASSY® HiVis

# YOUR PREVENTION

Safe and visible at work: more than a must, it's a basic right of every professional. Limit the risk as much as possible with DASSY® HiVis. With this ingenious collection of safety clothing, you can rest assured you meet the strictest European standards.

What does your team need to get the job well done and in complete safety?

**SUPER FLEX**

## Only the best protection

Certified according to the strictest European ISO standards with Class 1, 2 and 3 protection. After all, prevention is better than cure.  
*Better be safe than sorry!*

## HiVis day and night

Safe and visible. On the clearest days, at dusk or in the middle of the night.

## Keep it light

Our shirts, shorts, trousers and jackets are available in different weights. In summer or in hot workplace, go for lightweight without compromising on visibility.

\* DASSY® Cratos are our well-known certified knee pads. During the period covered by this flyer, we also plan to introduce DASSY® Fides, our new certified knee pads.

ALSO FOR WOMEN

All our HiVis models are available for women on request.

DASSY® INTRODUCES

# HIVIS **SUPER FLEX**

Available in 2-WAY STRETCH

Revel in complete **comfort and flexibility**. Discover these 3 new work trousers in 2-way Super Flex stretch. Each of these work trousers is reinforced with Cordura®, a sturdy durable fabric, which ensures you to enjoy your DASSY®-work pants for a long time. Furthermore, all knee pockets – a vulnerable area of work trousers – contain Cordura® in 4-way stretch to provide extra strength and flexibility.

## Dupont™ Sorona® fiber

An additional advantage of these products is the polyester Sorona® stretch part. This soft fabric easily repels dirt in order to maintain the attractive look of the work trousers, and moreover, even after frequent washing, this fabric retains the fit and stretch in your work trousers. Besides, Sorona® is an eco-efficient high-performance fiber that is for 37% made from renewable plant material, that uses 30% less energy and emits 50% less greenhouse gas during its production. Therefore Sorona® is a great choice for people and planet.
